ONE-TIME COMPLIANCE REPORT - NON-EXEMPT
DENTAL AMALGAM CONTROL PROGRAM SECTION 6.16.1.5
EPA CODE OF FEDERAL REGULATIONS CFR 441.50 DUE WITHIN 90 DAYS OF INITIAL DISCHARGE OR TRANSFER OF OWNERSHIP

## Section 1 - Business Name and Address(es)

| Name of Dental Facility: |  | Phone Number: |
| :--- | :--- | :--- |
| E-Mail: | Mailing Address (if different from site address) |  |
| Site Address of Dental Facility | Street Address: |  |
| Street Address: | Cip Code: | City: Code: |
| City: |  |  |
| Name of business Operator(s) and Owner(s): | Date Business Opened at this Location: |  |
| Name and title of primary contact <br> for amalgam waste issues: |  |  |
| Type of Dentistry (Description of Operation): |  |  |

## Section 2 - Best Management Practices (BMPs) A response is required for each BMP listed below.

## Best Management Practices

| 1. Use pre-capsulated, single-use amalgam capsules. | Yes $\square$ | No $\square$ | N/A $\square$ |
| :--- | :--- | :---: | :---: | :---: |
| 2.All dental chairs are equipped with chair-side traps and all vacuum pumps <br> are equipped with traps or filters. | Yes $\square$ | No $\square$ |  |
| 3.All equipment is cleaned and maintained in accordance with the <br> manufacturer's instructions. | Yes $\square$ | No $\square$ |  |
| 4. $\quad$ Staff amalgam-handling training has been recently conducted and logged. | Yes $\square$ | No $\square$ |  |
| 5.Use non-chlorine, non-oxidizing disinfectants and neutral cleaners with a pH <br> between 6-8. | Yes $\square$ | No $\square$ |  |
| 6.Confirm screens, filters, traps or amalgam separators or any other amalgam- <br> containing equipment are not rinsed over sinks or drains. | Yes $\square$ | No $\square$ |  |
| 7.Salvage, store, and recycle scrap amalgam (used disposable amalgam <br> capsules, contact and non-contact amalgam scrap, and extracted teeth) in <br> structurally sound, tightly closed and appropriately labeled containers. | Yes $\square$ | No $\square$ |  |
| 8.Recycle all bulk mercury and all amalgam waste by transferring the waste to <br> an off-site recycling facility for recycling of mercury or manage and dispose <br> of the waste in accordance with applicable federal, state and local hazardous <br> waste laws and regulations. At no time should amalgam waste be <br> disposed of or flushed down the drain or toilet. Yes $\square$ | No $\square$ | N/A $\square$ |  |

Please explain any "No" or "N/A" responses:

## Section 3 - Operations and Maintenance (O\&M) Plan

Each Dental Facility shall develop an O\&M Plan to ensure proper operation and maintenance of all Amalgam Separators and documentation of all maintenance activities. The O\&M Plan and service records must be maintained for a minimum of three (3) years and will be made available to Metro upon request.

| A copy of my Operations and Maintenance Plan is attached (required). | Yes $\square \quad$ No $\square$ |
| :--- | :---: |
| My third-party service provider maintains our separator and can readily <br> provide a copy of our Operations and Maintenance Plan. | Yes $\square \quad$ No $\square$ |
| (If 3 ${ }^{\text {rd }}$ Party Vendor is used): Business Name of Vendor and Contact Name: | Vendor Contact's Direct Phone: |

## Section 4 - Amalgam Separator System Installation - Provide information for each separator

| Manufacturer of <br> Separator | Model Name <br> and Number | Separator Serial <br> Number | Is the separator <br> ISO 11143 <br> certified? | Date of <br> Installation | Number of <br> chairs |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  | Yes $\square$ No $\square$ |  |  |
|  |  | Yes $\square$ No $\square$ |  |  |  |

## Section 5 - Amalgam Separator Maintenance and Operation

All wastewater that contains dental amalgam or other sources of mercury is discharged through the above mentioned separator(s) which is properly sized for flow. This dental facility properly maintains and operates the amalgam separator(s) in accordance with manufacturer specifications, including necessary cleanings, cartridge or filter replacement and other required servicing. Additionally, monthly visual amalgam separator inspections are being conducted and logged. All logs including inspections and training logs, as well as detailed records of amalgam separator repair, replacement or maintenance, and amalgam recycling receipts, manifests, etc., will be maintained for a minimum of three (3) years and will be made available for review upon request from Metro Water Recovery.
$\qquad$ No

## Section 6 - One-Time Compliance Report

This One-Time Compliance Report must be signed by an Authorized Representative of the facility as defined by the Metro's Rules and Regulations Governing the Operation, Use, and Services of the System, and must be retained as long as the dental facility is in operation or until ownership is transferred.
"This dental facility has implemented and is complying with the required BMPs. Additionally, this dental facility has installed the necessary ISO-11143 certified amalgam separator(s), in accordance with requirements of the Metro's Dental Amalgam Control Program. I certify that this document and all attachments were prepared under my direction or supervision to ensure that qualified personnel properly gathered and evaluated the information submitted. I certify the information submitted is, true, accurate and complete."
